

SARA HART

Grateful to have a lifestyle that supports her professional, creative & spiritual ideals, Sara has been teaching Yoga + Meditation since 2009.

Sara is the founder of the *iHART Lens* - an Ayurvedic influenced artist residency offering yoga, meditation, and wellness workshops and immersions for traveling artists.

Sara is also co-founder of *Artemis Audio & Ayurveda*, offering traditional Vedic sound healing and crystal Reiki immersions with a partner, Andrew Campbell who offers professional audio recording for artists and healers on retreat.

When not teaching Sara is creating mixed media sacred self-care tools and keepsakes for the healer within us all.
